To Whom It May Concern:

LETTER OF SUPPORT - Shubenacadie Waterway Canadian Heritage River Nomination

The Municipality of East Hants would like to express support for the Shubenacadie Canal Commission's pursuit of a Canadian Heritage River nomination for the Shubenacadie Waterway.

Supporting this nomination aligns with our Municipality's Strategic Plan to support tourism, heritage, sport, social recreation and the arts by enriching the quality of life for residents and attracting visitors. If successful, we hope that this Canadian Heritage River designation will enhance the pride of place felt by our residents and celebrate the unique ecological, recreational and cultural characteristics of the Shubenacadie waterway.

The Municipality of East Hants wishes the Shubenacadie Canal Commission the best in their efforts as they embark on the nomination process.

Sincerely,

Eleanor Roulston

Warden, Municipality of the District of East Hants
